Harvest Fast Day helps us to remember how important it is to consider the needs of others. There are so many people in our world who do not have all the wonderful that we have - good food, clean water, comfortable places to live, good schools where we can learn so much.

There are people in other countries as well as people in our own city who struggle to have a good life. It is so important that we do all we can to help them by following Jesus' word and sharing.
